CONNECTING CANADIAN BUSINESS WITH THE BEST GLOBAL TALENT

## CANADA, THE BEST COUNTRY IN THE WORLD

Canada has the fastest growing economy of the world's major industrial democracies (the G7 nations), and has the most multi-ethnic population in the world. Every year, almost a quarter of a million people from all around the world realize their dream of moving to Canada.

### WHY CANADA?

- ★ Better work opportunities.
- ★ Liberal democratic society.
- ★ Equal opportunities.
- ★ Free health care and education.
- ★ High standard of living.

### WHY WE NEED FOREIGN WORKERS.

As Canada's major industries expand, we need even more workers to help fuel our incredible economic growth. Declining birth rate, aging workforce and strict immigration regulations are also escalating pressure on Canadian industry.

*Canada's economy is poised to grow by 3.0 per cent next year (2007), giving it the fastest growth among the G7 countries.*

International monetary fund, 2006

### WE ARE YOUR TICKET TO CANADA:

In Canada, there are ten provinces, and three territories. Each province and territory has its own separate labour market which may have different standards, requirements, job opportunities and working conditions.

Every year over 90,000 foreign workers come to Canada temporarily to help Canadian employers fill skill shortages in Canada. They are desperate for workers in an economy with heat that is unprecedented in Canadian history. Increasingly, they are looking overseas.

*"Foreign workers is a key solution to labour shortages"*

City of Toronto Economic  
Development Division, July, 2003

Employers of most of the Canadian provinces can retain their already-hired foreign workers by assisting them in obtaining permanent immigration status in Canada through the Provincial Nominee Program.

*"26% of businesses in a recent survey said they have at least one vacant job open because they are unable to find people with suitable skills. Two thirds of those vacancies had been unfilled for more than four months."*

Canadian Federation of  
Independent business, 2002

### FOREIGN WORKER APPLICATION PROCESS TIME.

Each province has its own process time to approve foreign worker applications, however with overwhelming volume of application this process time can be increased to 14 to 16 weeks. The whole process can take approximately 3 to 6 months from the moment an application has been received to the date the foreign worker(s) starts working for the employer in Canada.
